ADDENDUM TO MEMORANDUM FOR THE RECORD

SUBJECT: E. Howard Hunt

REFERENCE: Memorandum for the Record dated 25 May 1973, Same Subject

1. I have just read the memorandum prepared by [redacted] relating to a request which I forwarded to [redacted] from Mr. Howard Hunt in December 1971. (b)(3)

2. I must confess that I had completely forgotten the incident until I read the memorandum. In trying to reconstruct what happened I recall that Mr. Hunt did telephone me at the office and requested that I run traces for him on Jorge Gonzales Marten. He didn't explain why he wanted the information but specifically directed me to contact [redacted] with whom he had once worked. I made the request through [redacted] memorandum. I think I gave (b)(3) [redacted] Mr Hunt's phone number so he could relay whatever information was forthcoming. I don't remember calling Mr. Hunt back with any further information on the subject. (b)(3) (b)(3) (b)(3)

3. This memory oversight on my part naturally poses the question as to whether Mr. Hunt made other requests of me that I haven't reported. I quite honestly cannot recall another such request. If any come to mind, I will relay the information immediately to Mr. Shackley's office.
